

My 2023 Offering

When we understand that God is the source of all our blessing, it's easy to realize that we are merely the stewards of all that He gives us.

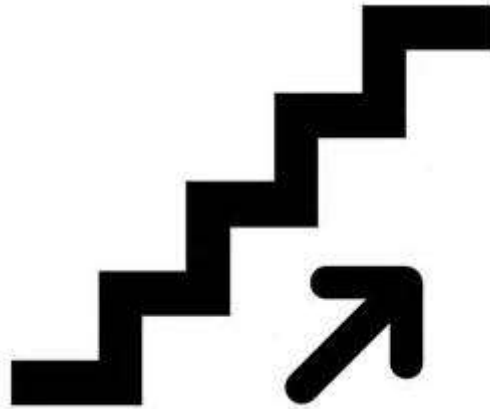

While 2020 to 2022 have been challenging for everyone, St. George's Crescentwood has been blessed and we encourage all parishioners to search their souls and give from the heart. Your support will help St. George's thrive in Crescentwood and remain active and viable for the future.

Whether your family has attended St. George's for generations or you've recently begun to enjoy St. George's, it is up to all of us to pray and discern how we are called to support our church financially.

Your generosity helps us to worship together, provide a helping hand when needed, and to reach out to those who need our prayers. Your support is greatly appreciated.

Please complete the ***My 2023 Estimate of Giving Card*** on the reverse of this form and return to the collection plate or the church office (in person, mail, or scan and email to finance@stgeorges.mb/ca).

Thank You and God Bless.

Grow-a-Step invites you to consider if you are able to advance your financial support of St. George's beyond a 6.7% cost of living increase. The greater your support, the more we're able to deal with inflation and accomplish. Could you pass on the occasional \$4 extra-large cup of takeout coffee or \$9 small glass of restaurant wine and give to St. George's instead?

For those not yet supporting St. George's financially, that could mean starting with a \$5 per week donation. For those currently at \$20, that would be \$21.34 per week; those currently at \$50, that would be \$53.35 per week etc. *My 2023 Estimate of Giving Card* gives your current donation along with the amounts for a 6.7% and a 10% increase. Of course, whatever you can donate would be greatly appreciated.

Thanks for considering Grow a Step!
