

# St. George's and Memorial Fund AGM – Zoom Instructions

## Meeting Registration

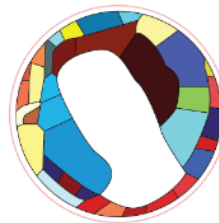

Each parish member who wishes to join the meeting should register using the link below. During registration, you will be asked how many members are joining from a single device, and to complete your declaration of church membership. You can register at any time prior to the meeting; there is no need to wait until the meeting begins to register.

Please pay attention to the first four questions, which ask how many voting eligible parish members (over age of 16 or 18, respectively) will be joining from your device. For example, if there are two members in the same household attending the meeting, and both are calling in using the same single device (cell phone, tablet, or computer), then you should indicate two people and list their names. If, however, there are multiple members in the same household and each will call in using their own device, then your response is one for each member who registers.

It is important that you decide how many people will join the meeting using each registration, and follow through with that plan, as this is how votes will be counted during the meeting.

After indicating how many members are joining, you'll be required to complete the three-part declaration of church membership. Answer yes to all three to successfully register. Note that this declaration applies to all individuals who are joining from a single device.

Once you have clicked "Register", you'll see a page like the following, which provides your unique link to join the meeting. Zoom will also email you a copy of the link, so you can access it from there.

Everyone is encouraged to join the meeting 10 to 15 minutes early on Sunday, to ensure any small issues can be resolved by the time the meeting starts at 1pm.

#### Notes

Attendees will always be muted, except when called upon to speak. If you wish to speak, please use the "Raise Hand" function. At the appropriate time, you will then be allowed to un-mute yourself. The button looks like this:
